

# MAC-WATERLOO-NIAGARA STUDENT-SENIOR ISOLATION PREVENTION PARTNERSHIP (SSIPP)

## OUR AIM

The COVID-19 pandemic is having a serious impact on Canadians, and unfortunately one of the most vulnerable populations includes **older adults at risk of social isolation.**

Our program **partners** volunteers with older adults in the community to provide **regular telephone check-ins for social comfort and patient education.**

## HOW DOES IT WORK?

**1** Ask your patient/client if they are interested in participating. Ask for their preferred phone number and language.

**2** Reach out to your region's SSIPP email and we will provide further instructions for the referral process.

**3** Older adults and volunteers will be partnered based on region and language.

**4** The volunteer and older adult partner will schedule their first phone call. **Let the fun begin!**
